

## Floor Heating Direct Enerfoil Prices

### STEP 1 - Select the Enerfoil (s) to cover floor area

Enerfoil - Low Voltage Heating Foil 24 & 28 Volt

Write down the  
amount of panels

	Price inc. VAT & Del.	required here
Enerfoil Heating foil element 60 x 50cm - 1 segment	£37.01	
Enerfoil Heating foil element 60 x 100cm - 2 segments	51.50	
Enerfoil Heating foil element 60 x 150cm - 3 segments	64.82	
Enerfoil Heating foil element 60 x 200cm - 4 segments	80.05	
Enerfoil Heating foil element 60 x 250cm - 5 segments	93.48	
Enerfoil Heating foil element 60 x 300cm - 6 segments	108.61	
Enerfoil Heating foil element 60 x 350cm - 7 segments	120.56	
Enerfoil Heating foil element 60 x 400cm - 8 segments	137.26	
Enerfoil Heating foil element 40 x 50cm - 0.66 segments	35.64	
Enerfoil Heating foil element 40 x 100cm 1.33 segments	50.55	
Enerfoil Heating foil element 40 x 150cm - 2 segments	65.46	
Enerfoil Heating foil element 40 x 200cm - 2.66 segments	80.37	
Enerfoil Heating foil element 40 x 250cm - 3.33 segments	95.18	
Enerfoil Heating foil element 40 x 300cm - 4 segments	106.70	
Enerfoil Heating foil element 40 x 350cm - 4.66 segments	119.39	
Enerfoil Heating foil element 40 x 400cm - 5.33 segments	116.01	
Enerfoil Heating foil element 30 x 0.3cm - 0.3 segments	25.38	
Enerfoil Heating foil element 30 x 0.6cm - 0.6 segments	32.36	
Enerfoil Heating foil element 30 x 0.9cm - 0.9 segments	39.34	
Enerfoil Heating foil element 30 x 1.2cm - 1.2 segments	46.11	
Enerfoil Heating foil element 30 x 1.5cm - 1.5 segments	47.80	
Enerfoil Heating foil element 30 x 1.8cm - 1.8 segments	54.99	

**Add up the total amount of segment(s) =**

### STEP 2 - Select a transformer based on the total amount of segment(s) calculated

Forexample: 14.6 segments, therefore a 610 VA Transformer will be suitable.

Transformers come with 1.5m cable

Write down the  
amount of  
transformer

	Price inc. VAT & Del.	required here
40 VA Transformer 28 Volt for Enerfoil. Max 1 segment	50.76	
80 VA Transformer 28 Volt for Enerfoil. Max 2 segments	61.34	
EN6 - 180 VA Transformer 24 & 28 Volt for Enerfoil. Max 6 seg.	137.16	
EN12-350 VA Transformer 25 & 28 Volt for Enerfoil. Max 12 seg.	148.58	
EN16 - 610 VA Transformer 24 & 28 Volt for Enerfoil. Max 16 seg.	214.88	
750 VA Transformer 24 or 28 Volt for Enerfoil. Max 27/20 seg.	348.98	
1000 VA Transformer 24 & 28 Volt for Enerfoil. Max 36/27 seg.	391.28	

**STEP 3 - Select the amount of Enerbond required to lay the panels.**

1 x Enerbond per 6 segments. Foreexample: 16 segments = 3 Enerbonds

Write down the  
amount of  
Enerbond

Price inc. VAT & Del. required here

Enerbond 1 Ltr (Max 6 Segments)	£17.13	
---------------------------------	--------	--

**Step 4 - Call us to place your order on 0871 321 0411**

**If you do have any difficulties working out the amount of panels required, just send us a drawing and we'll do the rest! We'll even show you a layout plan.**
